

ANNE ARUNDEL WATERMEN'S ASSOCIATION
P.O. BOX 574 CHURCHTON, MD 20733
2022 SCHOLARSHIP ANNOUNCEMENT

This year the Anne Arundel Watermen's Association is offering a \$1000 scholarship to graduating Anne Arundel County high school seniors.

The applicants must be studying and pursuing a career in Marine Science or Natural Resources and have a grade point average of 3.0 or higher. To apply, complete and mail an application, along with your high school transcript, a short resume about your extracurricular activities and community involvement, and an original essay about your decision to pursue this career.

The Anne Arundel Watermen's Association is a non-profit organization created for the purpose of representing independent commercial watermen living and working in Anne Arundel County. This scholarship is our way of recognizing excellent achievement and their aspiration to make our livelihoods in the Chesapeake Bay and its tributaries successful and sustainable. These students can lead by example to make everyone better stewards of the environment.

Applications must be postmarked by April 1, 2022. The scholarship certificate will be presented at the senior awards ceremony and payment made to the institution you choose to attend.

Thank you, Anne Arundel Watermen's Association
